Mr. Wayne Budrus
U.S. Army Corps of Engineers
Huntington District
502 8th Street
Huntington, WV 25701

Dear Mr. Budrus:

On June 25, 2003, I conducted aerial defoliation surveys for gypsy moth-caused tree defoliation at eight U.S. Army Corps of Engineers projects located within the Huntington District. I am pleased to report that no defoliation was detected at, or in the vicinity of, Alum Creek, Burnsville Lake, Delaware Lake, Dillon Lake, Mohawk Dam, North Branch of Kokosing River, Summersville Lake and Sutton Lake.

However, if you anticipate requesting either financial or technical assistance for gypsy moth control in 2004, please contact Brad Onken (304) 285-1546 or me (304) 285-1555 before August 22, 2003.

Please contact me at the above number if you have any questions regarding this aerial survey letter.

Sincerely,

RODNEY L. WHITEMAN
